## AMONG OURSELVES

--Peter Fine has finally returned to his home from the hospital. His rehabilitation, though, will be long and expensive requiring nursing care around the clock and specialized medical supplies and equipment. Student Affairs and in particular the Student Health Service would appreciate any donations from the College community to assist the Fine family in meeting these inordinate expenses. Contributions will be accepted in person or by mail at the Student Health Service in the basement of Fowler Hall.

--We are happy to hear that Rod Ferrell, Claire Timmons and Rachel Feit are bouncing back following recent illnesses. Both Rod and Rachel have been released from the hospital and Claire will probably

be returning home by the end of this week.

--We were sorry to hear of the death of Margaret Elstad, the wife of Leonard Elstad, former president of Gallaudet College. The Elstads have been living in Georgia.

--Bob Davila, who served as program chairman for the recent biennial meeting of the Convention of American Instructors of the Deaf, wishes to thank the numerous people from Kendall Green who made presentations. Bob has assumed the presidency of the CAID and is the first deaf person to hold this position in the organization's 125 year history.

--James Pickett and Orin Cornett were interviewed Monday evening over WWDC-Radio. Fred Fiske, host of "Empathy," discussed research in progress on the Upton eyeglass hearing aid and cued speech.
